

Have you heard about our “Platinum Golf Club”?

The Commission on Aging’s **“Platinum Golf Club”** is specifically for our 60 years and older community. We are working in collaboration with the City of Charlevoix Recreation Department and the historical City of Charlevoix Municipal Golf Course, one of the oldest courses in the North.

We invite our area aging to **walk** with the legends each Wednesday, **beginning June 6, 2018** until the course closes for the season and to become part of the “Club” is easy, you just need to sign up at the City of Charlevoix Municipal Golf Course.

The **“Platinum Golf Club”** membership will get you:

- 9 holes of golf for \$10.00 with a tee time between 9am-10am.
 - This will qualify you for a free meal at any of the Charlevoix County Senior Centers that day.
- Though the early tee times qualify members for the free meal, the “Club” members can utilize the course at any time that day but are encouraged to schedule tee times.
- Seniors are also encouraged to schedule and utilize the free transportation by Charlevoix County Transit on these days for more added value.
- This is for every level and style of golfer from those who have never golfed to the legends.

We encourage low pressure, flexible play. “Keep score or Don’t” is our motto but fun is mandatory. We will have local Club Ambassadors there to welcome you though out the summer to answer golfing questions, to give pointers and possibly provide a best ball for your scores.

There will be special incentives to sign up for the “Club” on June 6, but you can become a member at any time during the season. There will also be other periodic bonuses and incentives for regular participation.

All ages in the community are welcome to golf with our “Club” members, but they would not be entitled to the “Club” privileges and incentives.
